"Background check" means:

- a criminal history check via fingerprints of persons age 18 and over that are submitted to the Illinois State Police and the Federal Bureau of Investigation (FBI) for comparison to their criminal history records, as appropriate; and

Adm. Code 385 (Background Checks) and been cleared in accordance with the requirements of Part 385.
b) Employees subject to background checks may begin employment on a conditional basis while awaiting the results of the background check. Such employees may not be alone with children until the results of the initial background check have been received.

c) Persons who have been the perpetrator of certain types of child abuse or neglect or who have committed or attempted to commit certain crimes may not be licensed to operate a day care home, be a member of the household of a family home in which a day care home operates, or be an employee or volunteer in a day care home. These allegations/criminal convictions are listed in Appendix C of this Part.

d) Day care homes shall be responsible for ensuring that persons subject to criminal background checks make themselves available for fingerprinting when scheduled by the Department or its authorized representatives. Failure of a person subject to criminal background checks to appear for scheduled fingerprinting may result in the denial of a license application or refusal to renew or revocation of an existing license unless the child care facility can demonstrate that it took reasonable measures to insure cooperation with the fingerprinting process. Adequate cause for failure to appear for fingerprinting includes, but is not limited to:

1) death in the family of the person;

2) serious illness of the person or illness in the person's immediate family; or

3) weather or transportation emergencies.

e) As a condition of licensure, each licensee or license applicant must certify under penalty of perjury that he or she is current or not more than 30 days delinquent in complying with a child support order. Failure to so certify may result in a denial of the license application, refusal to renew the license, or revocation of the license. (Section 10-65(c) of the Illinois Administrative Procedures Act [5 ILCS 100/10-65(c)])

f) If the licensees or license applicants acknowledge that they are more than 30 days delinquent in complying with an order for child support or, upon completion of the background check, the licensees or license applicants are found to be delinquent despite their certification, the Department shall deny the application for license, refuse to renew the license, or revoke the license unless the licensees or license applicants arrange for payment of past due and current child support and pay child support in accordance with that agreement.

h) The caregiver is responsible for the day-to-day operation of the day care home in accordance with the standards prescribed in this Part.

Section 406.12 Admission and Discharge Procedures

a) No child served in a day care home shall remain on the premises for more than 12 hours in any 24-hour period, unless the parent's employment schedule requires more than 12 hours of day care. Regardless of the parent’s work or training schedule, at no time shall children cared for in a day care facility remain on the premises for more than 18 consecutive hours.

b) Prior to acceptance of a child for care, the caregiver shall require that the parent or guardian accompany the child to the home to become acquainted with the caregiver and with the service to be provided. No child under 6 years of age may be admitted to the day care home unless the health examination, complete with lead risk assessment, if the child resides in an area defined as low risk by the Illinois Department of Public Health or a screening for lead poisoning, if the child resides in an area defined as high risk by the Illinois Department of Public Health (see 77 Ill. Adm. Code 845, Lead Poisoning Prevention Code), has been completed as required by Department of Public Health rules at 77 Ill. Adm. Code 665, Child Health Examination Code.

c) The parents or guardian shall be permitted to visit the home, without prior notice, during the hours their children are in care.

The facility shall maintain a list of persons designated, in writing, by the parents, or guardian to whom the facility can be expected to discharge the child at least once per week. These persons, in addition to the parents or guardian, shall constitute the primary list of persons to whom the child may be released. In addition, the facility shall maintain a contingency list of persons designated, in writing, by the parents or guardian to whom the child may be released less frequently than once per week. When the child is released to a person on the contingency list, the facility shall maintain a record of the person to whom the child was released, the date and time that the child was released, and the manner that the child left the facility (whether on foot, by passenger car, by taxicab or other means of transportation).

Other discharge provisions of this Section notwithstanding, a child leaving the day care home to attend school shall be released in accordance with the written authorization of the parents or guardian. The authorization shall include the time that the child is to be released and the means of transportation the child is to use.

All day care homes shall have a written policy that explains the actions the provider will take if a parent or guardian does not retrieve, or arrange to have someone retrieve, their child at the designated, agreed upon time. The policy shall consist of the provider’s expectations, clearly presented to the parent or guardian, in the form of a written agreement that shall be signed by the parent or guardian, and shall include at least the following elements:

1) The consequences of not picking up the child on time, including:
   A) Amount of late fee, if any, and when those fees begin to accrue;
   B) The degree of diligence the provider will use to reach emergency contacts, e.g., number of attempted phone calls to parents and emergency contacts, requests for police assistance in finding emergency contacts; and

2) Emphasis on the importance of having up-to-date emergency contact numbers on file.

3) Acknowledgement of the provider’s responsibility for the child’s protection and well-being until the parent or outside authorities arrive.

4) A reminder to the day care provider that the child is not responsible for the situation. All discussions regarding these situations shall be with the parent or guardian, never the child.
i) The daily list of children in care shall be readily accessible in case of emergency evacuations and fire drills.

An ill child shall be provided a bed or cot away from other children and a caregiver or assistant shall supervise the child at all times he/she is in the home.

g) When a day care home admits ill or injured children, a plan for the care of such children must be agreed upon with the parents to assure that the needs of the children for rest, attention, personal care and administration of prescribed medication are met.
