Toward that end, it is the purpose of Chapter 14 of Title 46 of the Louisiana Revised Statutes of 1950 to establish statewide minimum standards for the safety and well-being of children, to ensure maintenance of these standards, and to regulate conditions in these facilities through a program of licensing. §7103. Authority

A. Legislative Provisions

1. The State of Louisiana, Department of Social Services, is charged with the responsibility of developing and publishing standards for the licensing of child residential facilities (CRF).

a. The licensing authority of the Department of Social Services is established by R.S. 46:1401-1425 and R.S. 46:51 which mandate the licensing of all resident care facilities and resident placing agencies, including CRF). A CRF is defined as any place, facility or home operated by any institution, society, agency, corporation, person or persons or any other group to provide full-time care (24 hour residential care) for four or more children under the age of 18 years who are not related to the operators, and whose parents or guardians are not residents of the same facility, with or without transfer of custody. The age requirement may be exceeded as stipulated in R.S. 46:1403.1. which states that, "...notwithstanding any other provision of law to the contrary, including but not limited to R.S. 46:1403(A)(1), a person housed at a residential home may stay at such home for a period not to exceed six months beyond his eighteenth birthday to complete any educational course that he began at such facility, including but not limited to a general education development (GED) course, and any other program offered by the residential home".

B. Penalties. As mandated by R.S. 46:1421, whoever operates any child care facility or child-placing agency as defined in R.S. 46:1403, including any child residential facility, without a valid license issued by the department shall be fined not less than \$1,000 for each day of such offense.

C. Waiver Request

1. The secretary of the department, in specific instances, may waive compliance with a standard, as long as the health, safety, and well-being of the staff and/or the health, safety, rights or well-being of residents is not imperiled. Standards shall be waived only when the secretary determines, upon clear and convincing evidence, that the economic impact is sufficient to make compliance impractical for the provider despite diligent efforts, and when alternative means have been adopted to insure that the intent of the regulation has been carried out.

2. Application for a waiver shall be made in writing and shall include:

- a. a statement of the provisions for which a waiver is being requested; and
- b. an explanation of the reasons why the provisions cannot be met and why a waiver is being requested.

3. The request for a waiver will be answered in writing and approvals will be maintained on file by the requesting provider and the department. The department shall document the reasons for granting the waiver. A waiver shall be granted for a period of one year or as specified by the secretary and will not be renewed if the basis for it no longer exists. If the provider has been granted a waiver by the department, the waiver will be identified on the survey report of any subsequent annual survey report.

D. Variance Request

1. The secretary of the department, in specific instances, may grant an exception to the standards temporarily for the purposes of allowing emergency admittance of specific residents as long as the health, safety, and well-being of the staff and/or the health, safety, rights, and well-being residents is not imperiled. This variance shall not be granted if it would result in a substantial change to the program.

2. A request for a variance shall be made in writing and shall include a statement of the provisions for which the variance is being requested.

3. The request for a variance will be answered in writing and specify the period of time for which the variance is being granted. A variance may be granted for a length of time not to exceed 90 days, and may be renewed one time, for good cause shown, for an additional 90 day period not to exceed 180 days.

AUTHORITY NOTE: Promulgated in accordance with R.S. 36:477 and R.S. 46:1401-1424.
